Dear Advisor / Head Delegate:

On the following pages you will find the assignments for the 2012 National Model UN in New York City (NMUN-NY). We are proud of the diversity represented by more than 300 registered schools. Per our policies, we gave assignments to groups that attended previously as well as a small number of new schools who added to NMUN's geographic diversity. It was not always possible to assign your date preference or one of your top country choices. NMUN-NY did its best to consider your preferences and rationales (if submitted). Many schools are on an expanding 'wait list' for any openings.

ACCEPTANCE OF ASSIGNMENT(S) DUE 8 NOV. ****NEW: DO NOT USE E-MAIL TO ACCEPT****

Please confirm by 8 November that you accept your assignment and plan to attend. If you do not confirm, we will make one more attempt to contact you and then open the country to reassignment.

(a) go to nmun.org, click 'NY' for the New York conference page, then click 'Accept Assignment'

(b) you will need to enter your school name and last name of the person registering EXACTLY

(spelling and capitalization) as it was submitted with the application. See your confirmation e-mail.

DIFFICULT DECISIONS

NMUN did its best to match your country and date preferences. Thank you for your patience and understanding. If you have questions after reading below, contact secgen@nmun.org.

- **Assignment Process:** All schools were assigned one country before any group was given a second country. As stated on the on-line application form, no one assigned to the Security Council last year was reassigned. Schools were given less consideration if they did not follow the instructions to list no more than three Security Council members in their top 10 preferences.
- **Changing countries/venues:** Switching venues is not possible; there are a few unassigned countries listed on the last page of this posting. They may later be assigned to 'wait list' schools. If you would prefer to trade your assignment for one of these, contact secgen@nmun.org. First come, first serve.
- **Bringing additional delegates:** We value the diversity of schools participating but recognize you may not be able to bring all the students interested. Please be aware that in addition to the maximum number listed, you may bring an additional 1-2 delegates if they will not participate in a committee but act as a resource to the delegation in the role of head delegates. [You may instead assign head delegates to committee(s) within the maximum number.]
- **Future Years:** In 2013, the NCCA will again assign all returning schools and then determine if it can accept new schools. Large groups may not be able to bring as many students to NY as in past years.

IMPORTANT UPCOMING DATES

- **8 November** – Confirmation of acceptance of via nmun.org (click 'NY' then 'Accept Assignment')
- **15 November** - Hotel Registration forms are posted to nmun.org. Note: rooms are only available until the block sells out (which can occur before the cut-off date). Book early.
- **Late November** - Background guides are posted as .pdf files [As part of its environmental stewardship, NMUN does not print the guides in hard copy / distribute them by surface mail.]

The 2012 NMUN-NY promises to be the most diverse ever, with delegations coming from even more countries of the world. If you have questions or concerns related to this year's conference, contact secgen@nmun.org.

Andrew N. Ludlow, NMUN-NY Secretary-General secgen@nmun.org

PLEASE READ THIS FIRST:

- You must confirm your acceptance via nmun.org by 8 November to avoid reassignment of your country(-ies).
- Not every assignment is on every committee! Consult the matrix at www.nmun.org for committees for your assignment.
- The minimum/maximum number of delegates you may bring does not include head delegates not part of a committee.

A NOTE REGARDING ITALIAN ASSOCIATIONS:

- NMUN-NY has benefitted in recent years from growing interest in Italy where universities partner with off-campus educational groups to provide training courses and support. Many of these associations also offer scholarship programs.
- For 2012, we have again assigned countries to these large associations as a group – rather than separate assignment(s) for each of the many universities registered with each of them. We have asked that the associations then distribute the assignments among their participating universities. We will print a list of assignments and universities in the final program, but in this posting they are assigned simply to ‘Association _____’ only.
- Despite strong interest, we are unable to allow the associations to bring more students than as agreed in order to also allow new schools from other parts of the world.
